While passing judgment reigns  
And this face is not our own  
The evidence is on display

And I fear its treason now  
Betrayed by these teachers revered now  
Who claim to love us  
Yes, love us the most

Guilty by association  
Can I lay this down, go underground?  
Please show me the destination  
Where deception falls, the truth still calls by name  
Truth still calls, calls by name

Ascend to a throne  
They've raised on empty vows  
Held against the smallest debt

And this tainted glory found  
Can't wash all the blood  
From their hands now  
This blood they've hidden  
Will soon be revealed

Guilty by association  
Can I lay this down, go underground?  
Please show me the destination  
Where deception falls, the truth still calls by name  
Calls by name

Now we stand accused, we stand accused  
We face the hate  
The scorn of those who've been betrayed  
Guilty by association

Guilty by association  
Can I lay this down, go underground?  
Please show me the destination  
Where deception falls, the truth still calls by name

Guilty by association

Can I lay this down, go underground?  
Please show me the destination  
Where deception falls, the truth still calls by name
