Ever since u came into my life
I been so excited
'Cause u treat me right
I feel so good inside
I'm so delighted
U hook me up
U shook me up
And u broke me off
Now I give my love 2 no one else
U get it all
(Boy you're always on my mind)
Everday
Every kiss
Every time I see u boy
I want u more
(I think about u all the time)
Until the end of time
It's u and I
All day and nite * All day and nite
All I wanna do is spend my time with u
Because u sreve me right
In a way nobody else can do
U treat me like a queen
And I can never get enuff
All day and nite my baby
U break me off * All day all nite
All day all nite (Repeat)* Since I got u babe
U never strayed or played me baby
U never done me wrong
You've always treated me like a lady
My friends try to tell me that you're not 4 real
But they need to go
'Cause they don't know how I feel
(I get a rush when I'm with u)
Every kiss
Every touch
Every time the mood is right
It's u and I
(U r all I want to do)
I don't want no one else
Just u

Yourself
And I * I'll give u all my love
I will give u all my love 4ever
Just stay down with me
4ever and ever
(Repeat from the first "*" till fades)
