I feel like everything's gone wrong  
And somehow I just don't belong  
How could you leave me all alone?  
So angry, I can't move, can't breathe  
The hate, it boils and repeats  
I wanna break through window glass in my head

You don't want me to run  
You can't get the sound of my voice when I say it out  
loud  
You don't, you don't, you don't  
You don't want me to run  
You can't get the sound of my voice when I say it  
When I say it out aloud

It was the longest, darkest night  
An empty lot without your life  
But I could drag your secret out of the dark  
And you like to paint yourself the saint  
You're doing me wrong, make no mistake  
But I could drag our history out of the dark

You don't want me to run  
You can't get the sound of my voice when I say it out  
loud  
You don't, you don't, you don't  
You don't want me to run  
You can't get the sound of my voice when I say it  
When I say it out aloud

You wanna hate me  
You wanna burn me to the ground  
Yeah, I know you hate me but you won't ever get the  
moves out  
You wanna hurt me, Oh  
You wanna burn me to the ground  
Yeah, I know you hate me but you won't ever get the  
words out

You don't want me to run  
You don't want me to run

You can't get the sound of my voice when I say it out  
loud  
You don't, you don't, you don't
