oh baby, baby, baby
we started out together
never knew what lay ahead
we knew it wasn't easy
not even knowin where life head
we always knew that time
would make us stronger
no matter how hard it would be
i never saw you without me

i tried to call up on the memories of you
to get me through
to find the strength to hide
the pain the inside
and let me start a new

and i need you to know
wherever you will go, my love
i'll still be missing you girl
till the end of the world
and i need you to see
wherever you may be
that long after your gone
i'll still be loving you

no one said it would be easy
no one told me what to say
even now i try to search my heart
to find the words to make you stay
the love we shared
i miss it everyday
but as long as i think of you, babe
i know you won't be far away

i tried to call upon the memories of you
to get me through
to find the strength to hide the pain inside
and let me start anew

and i need you to know
wherever you will go, my love
i'll still be missing you girl

to the end of the world
and i need you to see
wherever you may be
long after your gone
i'll still be loving you

oh, girl you know i love you
till the end of time
but now i must be strong
this time im moving on

and i need you to know
wherever you will go, my love
i'll still be missing you girl
till the end of the world
and i need you to see
wherever you may be
that long after your gone
i'll still be loving you

i'll still, i'll still be loving you
yeah yeah yeah, still be loving you
ooh baby, woah, oh yeah
laaaaaaaa,
be lovin you
i'll still be, i'll still be loving you
ooooh yeah
still be loving you oh
i'll still be loving you
