We started out together, never knew what lay ahead  
We knew it wasn't easy, not even knowing where life  
lead  
We always knew the time would make us stronger  
No matter how hard it would be, I never saw you  
without me

Tried to call upon the memories of you to get me  
through,  
You find the strength to hide the pain inside, let me  
start a new

(chorus)  
And I, need you to know wherever you will go  
My love, still be missing you girl to the end of the world  
And I, need you to see wherever you may be  
And long after your gone  
I'll still be loving you

Oohh Oohhh

No one said it would be easy, no one told me what to  
say  
Even now I try to search my heart to find the  
Words to make you stay  
The love we shared, I miss every day  
But as long as I think of you (babe)  
I know you won't be far away

Tried to call upon the memories of you to get me  
through,  
You find the strength to hide the pain inside, let me  
start a new

(chorus)

Oh girl you know I'll love you 'til the end of time  
Now I must be strong  
This time I'm moving on

And I, need you to know wherever you will go  
My love, still be missing you girl to the end of the world

And I, need you to see wherever you may be  
And long after your gone  
I'll still be loving you

I'll still, I'll still be loving you  
Yeh...yeh.. yeh  
I'll still be loving you, baby  
Ooh ooh yeh  
I..... still be loving you  
I'll still be, I'll still be loving you
