I meant to fight it to the finish but you made me forget  
And though it's possible I'm dreaming, don't wake me  
yet  
You know I love you  
I can't see the day for night

You know I twist around and turn around and then I  
give in  
You end up in control of me it's really a sin  
I don't know what you're doing to me  
But I know it's a crime

And baby I can't last another night  
And every moment is eternity  
And from the depth of my soul  
Can't let another day go by

I follow my heart right up to the end  
As far as the eye can see  
I'm faithful and true and living up to  
Your sacred trust in me  
I'll never give out to somebody else  
I know where my arms should be  
I'm faithful and true and making it through  
Your sacred trust in me  
Your sacred trust in me

You take me and you break me and you do what you  
please  
I stumble and I tremble and I'm weak at the knees  
The vision that lies before me is not reality

I tell you I can't wait another night  
For every secret that your soul reveals  
And you and I may get to know  
That it's real, that it's real

I follow my heart that leads me to you  
And all that my love should be (You know I'm talking to  
you)  
And you can be sure I'm doing it for  
Your sacred trust in me

I'll never give out to somebody else  
There's nowhere my heart should be (You know I'm  
calling to you)  
I'm faithful and true and living up to  
Your sacred trust in me  
Your sacred trust in me

I follow my heart right up to the end  
As far as the eye can see  
I'm faithful and true and living up to  
Your sacred trust in me  
I'll never give out to somebody else  
I know where my arms should be  
I'm faithful and true and making it through  
Your sacred trust in me  
Your sacred trust

I follow my heart that leads me to you  
And all that my love should be (You know I'm calling to  
you)  
And you can be sure I'm doing it for  
Your sacred trust in me  
I'll never give out to somebody else  
There's nowhere my heart should be (You know I'm  
calling to you)  
I'm faithful and true and living up to  
Your sacred trust in me  
Your sacred trust
