Slow down the sun is falling you've done something  
wrong  
Like a misunderstanding on yourself  
A crowd of people shouting in your head saying you  
are the enemy  
Like a headache you brought on yourself

Don't you miss this?  
Clear conscience  
Can't you see that he's frustrated?  
Don't you miss this?  
Clear conscience  
He want's his thoughts for himself  
For himself

You must be the most foolish man I've ever met  
Cause you let yourself get pushed around by yourself  
You must be the most foolish man I've ever met  
Cause you made your choice and brought it on yourself  
You brought this on yourself

Sweat while your feeling guilty you've done something  
wrong  
Consequence of neglecting your health  
Self devotion of being the bad guy  
Reminding yourself your the reason  
So you hold this on your shoulders

Don't you miss this?  
Clear conscience  
Can't you see that he's frustrated?  
Don't you miss this?  
Clear conscience  
He want's his thoughts for himself  
For himself

You must be the most foolish man I've ever met  
Cause you let yourself get pushed around by yourself  
You must be the most foolish man I've ever met  
Cause you made your choice and brought it on yourself  
You brought this on yourself

He's been a fool  
He's been a foolish man  
He's been a fool  
He's been a foolish man  
He's been a fool  
He's been a foolish man  
He's been a fool  
He's been a foolish man
