[Intro One.Be.Lo] (female)  
(Now Lo, how did this all start for you?)  
I mean, it started for me, you know, watchin the Fat  
Boys  
Listenin to the Fat Boys beatbox on the radio and, you  
know  
Seein Turbo and them cats breakdancin on Electric  
Bugaloo  
And, you know, you seein graffiti over here  
And you seein breakdancin over there  
And beatboxin over there and MC's over there  
And hip-hop was like a brand new thing, a brand new  
culture  
And everybody wanted to be a part of it so, it was  
fascinatin for us  
(So this started while you were little, huh?)  
I mean (You knew this is what you wanted to do?)  
I mean, I think it was somethin that I was born to do  
You know, and you just go through different stages  
You know, it's like, it's like school, you learn your  
alphabet  
Then, you take the alphabet to a whole 'nother level  
And that's how hip-hop was for me  
You know, I just took the different stages and grew with  
it, like

[One.Be.Lo]  
A/Ay, B, C/see what I mean?  
D's/dese MC's is not E/effective, especially on the F.M.  
All you fake G's, I H/ate you like pastries  
You need to get your own and stop tryin to be J/Jay-Zs  
You livin O.K, puffin your L's in your limo  
But I ain't tryin to live like that, you know my M.O.  
Rhymes stay fresh cause I rap/wrap like Reynold's  
Wack? No question, the answer is N-O  
P/people come to my shows in big numbers  
Tossin they hands in the air like lettuce and  
Q/cucumbers  
They know who we R/are, S/especially Lamar  
Biggest fan before Senim Silla, and Lo Fat  
Was Binary Star before I was on the d-Lo  
But time goes on unless Allah calls a T.O.

And if U/you, like what we create  
Then pay attention to the flow, don't de-V-ate  
See we ain't tryin to go pop, like a bubble do, that's  
another crew  
For any rhyme you got I can double, double, double  
you/WWF  
Tag-team, steady slammin  
Binary Star empire X/expanded  
I don't know Y/why they underestimate the B. crew  
Sleep if you want, my crew'll help you get your Z's, true  
Rip Van Winkle style, what was you thinkin 'bout?  
I bust a rhyme, solid nine millimeter style  
It'll be a while before I run outta ammo  
OneManArmy rap Rambo  
See most of y'all need mic/Mike skills like Chicago's  
rock  
Outta bound two down, three seconds on the clock (say  
what?)  
You need mic/Mike skills like Chicago's rock  
Outta bound, two down, three seconds on the clock  
And I got the skills that'll beat the shot clock {\*imitates  
buzzer\*}  
Fade away on Dikembe, avoid the shot block (he  
shoots, he scores! )  
Can't avoid the cock block  
Cause there's a lotta snakes and the grass grows tall  
Ring-a-ling-a-ling, Lo be screenin phone calls  
I only deal with a chosen few  
Everybody else get a 'How you doin?  
See you later, nice knowin you'  
  
Nice knowin you, you knahmsayin?  
Some 'Alphabet Soup, ' we gon' say peace, and we gon'  
be out  
{ 'W-X-Y-Z' }
