Step out the door and it feels like rain
That's the sound, that's the sound on your windowpane
Take to the streets but you can't ignore
That's the sound, that's the sound, you're waiting for

If ever your world starts crashing down
Whenever your world starts crashing down
Whenever your world starts crashing down
That's where you'll find me
(Yeah)

God love your soul and your aching bones
Take a breath, take a step, meet me down below
Everyone's the same, our fingers to our toes
We just can't get it right, but we're on the road

If ever your world starts crashing down
Whenever your world starts crashing down
Whenever your world starts crashing down
That's where you'll find me
(Yeah)

Lost till you're found, swim till you drown
Know that we all fall down
Love till you hate, strong till you break
Know that we all fall down

If ever your world starts crashing down
Whenever your world starts crashing down
Whenever your world starts crashing down
That's where you'll find me

Lost till you're found, swim till you drown
Know that we all fall down
Love till you hate, strong till you break
Know that we all fall down

All fall down, all fall down
All fall down, all fall down
All fall down, all fall down

Lost till you're found, swim till you drown
Know that we all fall down

Love till you hate, strong till you break
Know that we all fall down
