I guess this is what it's sposed to feel like
We don't talk
No we don't talk
We don't talk anymore
I guess this is what it's sposed to sound like
The universe
The universe
Universe is torn

I don't want to live without you
I can live without you half the day
I don't want to live without you
And put life off for a another day
hey-hey yea

But I can't stop
Thinkin bout,
Thinkin bout us
Anymore
Oh
I said I can't stop
Thinking bout,
Thinking bout us
Anymore
Oh-Oh-Oh-Oh
I said I can't stop
Thinking bout,
Thinking bout this
Anymore
Oh-Oh-Oh-Oh
And all I've got
Is nothing I want
Anymore
No-oh-oh-oh
Oh

No I never get used to silence
But I don't hear
I don't hear
I don't hear you anymore
I know I hard to look hard to find it

But everything
Everything
Everything is torn

I don't want to live without you
And put life off for a another day
hey-hey yea

But I can't stop
Thinkin bout,
Thinkin bout us
Anymore
Oh
I said I can't stop
Thinking bout,
Thinking bout us
Anymore
Oh-Oh-Oh-Oh
I said I can't stop
Thinking bout,
Thinking bout this
Anymore
Oh-Oh-Oh-Oh
And all I've got
Is nothing I want
Anymore
No-oh-oh-oh
Oh
