Suicide,
But somethings missing,
I'm bound,
In flesh it cut once,
But all his life he was waiting,
Control, faith left envy,
But all her life,
She was searching,
So real,
Followed her own,
Suicide,
It never showed me,

All that was true for me,
I'm not like you,
But open your eyes,
I drank form your mind,
It tastes so divine,
All that we knew it seems so untrue,
I faced your life come give me a try.

Soon you'll know,
When its over,
So real,
Followed her own,
Suicide,
Its me you swallow,

All that was true for me,
I'm not like you,
But open your eyes,
I drank form your mind,
It tastes so divine,
All that we knew it seems so untrue,
I faced your life come give me a try.

Its over now,
Its over now,
Just want to watch me suffer,
Its over now,
Its Over now,

Just want to watch you suffer,
I forget why,
And I forget why.

Well it seemed so small just inside of me,
Well if you could answer then its not just inside of me,
Well if you reject to see inside me,
Well if you could, you could still,
Enjoy...
