Flying through the air

 $\hat{A} \; \hat{A} \;$

side by side we dip bend and climb

ÂÂÂÂÂÂÂÂÂÂÂÂÂÂÂ

flying through the air so free

feel them left behind below us.

Flying through the air

mad old you and me we are going

at it just for kicks for kicks

vouÂ'll see

that theyÂ'll wish they were you

right along here with me

you and me.

Climbing through the sky

 $\hat{A} \; \hat{A} \;$

leaving all our thoughts faraway,

climbing feel the stars up here

touch your eyes and fall beside you.

ÂÂÂÂÂÂÂÂÂÂÂÂÂÂÂÂ

Side by side we soar

me and you just glide

we are gaming in a fall a fall a fall

we feel,

but itÂ's all in your mind

as we turn round and climb

right back here.

Oh oh oh oh oh...

Oh oh oh oh oh.....

Great whit silver bird

 $\hat{A} \; \hat{A} \;$

soars again to catch good old mister sun who hides

who hides

who hides for fun

but itÂ's all in the game

life is still all the same

here we go.
