I'll get thru this one
though it seems to be impossible
i been here before
i'll get through once more
i'll get thru this one
and im not gonna lose
my mind
this one will be alright

you talk about the element of suprise
ive never had so many tears fall in one night
and when it hurts
sometimes you dont wanna hear its gonna be alright
cause friends who dont understand
the kinda pain that your in
and oh

i just wanna be alone
(all alone)
i wanna cry all night long
and lay in my bed and start to pray
that i hear him say i'll get through this one
though it seems to be impossible
i been here before
(i'll get through it)
i'll get though it once more
i'll get through this one
(wooh, yea)
and im not gonna lose
my mind
this one will be alright

god have prove himself over and over again
and when it look likes i will lose
i actually win
and i know that this one will come
together for my good
for what purpose im not sure
but i will trust in the lord
this too will past
just like the past it wont last
i'll make it through by grace

by grace

i'll get through this one
though it seems to be impossible
(impossible yea yea)
i been here before
i'll get through once more
