Cryptal Darkness
"I Bleed"

[Music and Lyrics: Mark Kelson]

I bleed like no man

I drown in my pain

tear it out take it away

my heart I no longer need

I scream like no man

I cry in vain

tear it out take it away

my soul I no longer need

All because of you. . .

I'm a fool for you

blinded by your touch

take my eyes take them away

lost in you. . . forever

I die like no man

all because of you

I bleed. . .
