

Onslaught "Death Metal"

Visit "[Death Metal](#)" on MotoLyrics.com

Cast in fire tempered by the flame evil demons lie
within the blade

Mighty swords razor sharpened steel death metal
weapons forged to kill

CHORUS:

Death metal (4x)

The battlecry headforth men of steel death metal has
the power at will

Lightning flashes sound a thunderous roar cold metal
ripping flesh down to

the core

CHORUS

Death metal satans armies wield seek within the
powers of the steel

cast in fire tempered by the flame evil demons lie
within the blade

Death...slain by the sons of steel

Metal...cuts the air
