You cried when the ocean rose
And it swallowed your home
Are you cornered now by your own despair?
It sits there beside you
Watching all you've become

Miles from this place we are now
Where the ocean meets the forest
It's this confrontation
Keeping my thoughts occupied
Time being
I'm a being
Just being now

Chorus:
Patience won't commit itself
So continue hiding what is hidden
Your ridiculed you fool
To think your climbing the ladder
When it appears your mistaken
We've all seen you simply deconstruct

The sun is the darkest
When it sits out on your side and
It's never empty handed
Death to your doorstep

Patience won't commit itself so
Continue hiding what is hidden
Your ridiculed you fool
To think your climbing the ladder

Took all that necessity
Assumed it would
As weeks went by
Malcontent was seeking me out
- Who we really are
Isn't necessarily where we're going in the end
Soon be finding out

Chorus:
Patience won't commit itself so

Continue hiding what is hidden
Your ridiculed you fool
To think your climbing the ladder
When it appears your mistaken
We've all seen you simply deconstruct

The sun is the darkest
When it sits out on your side and
It's never empty handed
Death to your doorstep

Patience won't commit itself so
Continue hiding what is hidden
Your ridiculed you fool
To think your climbing the ladder
