5 scores and 3 years my life's seen  
My minds last command is read to me  
No angel of death will take me away  
My fear's washing away

So still while I'll rest  
Gaze upon the last sunset  
Feel no cold, and I still see  
No fabled guiding light

My life's before my eyes  
I'm ready now  
My blood will flow it's final round  
Onward to death the only way  
I'm not afraid

Last smile, last pure breath  
Fade with the last sunset  
I shall go to a place  
That I remember long ago

Soft endorphins soothe my mind  
Dancing shadows play  
As I die.

[SOLO]

Never departed or saw my body from above  
A ghost I would not be  
No memories of heaven or hell  
Or of the Guff final passing

Open my new eyes  
Gaze upon the first sunrise  
For now I'll forget  
The day I'll see the last sunset

It's unending, all connecting  
Never pausing, so relenting  
Lives uncouncted, days unnumbered  
Different bodies we live forever
