"Holiday" minami no shima
Gin-iro no tsubasa ni tobinotte
Hikaru nami shibuki
Yaketsuku taiyoo
Tsukareta heart ni abitai.

On the southern island where I'm on holiday,
I jump onto a pair of silver-colored wings,
And as they splash the glittering waves,
I want, in my tired heart,
To be bathed in the blazing sun.

"Memories" hashagu tabi ni
Keshiki ga nijinde yureru kedo
Kono mama sayonara nagabikaseru dake no
Ai wa chigau to omotta.

When I play around with my memories,
Although the scenery gets blurred and shaken,
I thought love was wrong if all it does
Is prolong my goodbye like this.

"It's been a Lonely Flight"
Onaji kinoo ni wa kaeranai
Anata no mune ni wa moo kaerenai.
"Horizon" moeru yuuhi ni chikatta
Motto jibun o daiji ni suru to.
"Good-bye old days"

"It's been a Lonely Flight"
I can't return to the same yesterday as yours,
And no longer will I return to your heart.
I swore by the setting sun burning on the horizon
That I would take better care of myself.
"Goodbye old days"

"Stories" tsuzurikaketa
Tegami o nandomo yomikaesu.
Ashita ga mienai scenario yori
Yume o mitai moo ichido hitori de.

As I reread the letter over and over,

I spell out the stories it holds.
I want to dream by myself once more,
Rather than have the invisible scenario tomorrow holds.

"It's been a Lonely Flight"
Anata no tame ni nagashita namida ga
Itsu shika watashi o tsuyoku shita no.
Squall no naka omoikiri naitara
Umarekawatte kaeru wa kitto.
"Hello good days"

"It's been a Lonely Flight"
Only when the tears I've shed are for your sake
Will I have gotten strong.
If I cry out my resolution in a squall,
I'm sure I can come back to make a fresh start.
"Hello good days"

Watashi-rashiku ikite miseru kara
Anata wa anata no michi o aruite.

Since I've shown you that living befits me,
You can go along your way.

"It's been a Lonely Flight"
Onaji kinoo ni wa kaeranai
Anata no mune ni wa moo kaeranai.
"Horizon" moeru yuuhi ni chikatta
Motto jibun o daiji ni suru to.
"Good-bye old days"

"It's been a Lonely Flight"
I won't return to the same yesterday as yours,
And no longer will I return to your heart.
I swore by the setting sun burning on the horizon
That I would take better care of myself.
"Goodbye old days"
