You give him all your love, well  
you know you don't get that love in return  
How could I get you to know  
And though you seen it comin'  
Girl you just couldn't get that man to ever learn  
So this time I hope you move on  
Cause you know, I'm what your missin  
And you know that I'm good and its good that you need  
So please tell me baby  
Can he love you like this  
can he give the good lovin you need  
top it off with a kiss  
Can he make you go all night long (hook)  
I know it might seem dirty  
But I'll do what I gotta do just to make you mine  
and it was always a matter of time  
You see I know that you want me

Cause I can tell by the way that you squeeze  
You can't get that kinda lovin at home  
I'll be strokin you, rockin you, turnin you on  
And girl you know, that I'm what your missin'  
and you know that I'm good and its good that you need  
So please tell me baby, baby, baby  
Repeat Hook 2x  
Oh cause you know, that I'm what your missin  
And you know that I'm good  
So please tell me baby noooo  
Repeat Hook 2X  
Can he love you, baby can he love ya  
Can he love you , baby can he love ya  
Can he give you everything that you been missin  
give you the love that you know that you need
