The first time I saw you  
I knew I would fall in love  
You filled an empty space in my heart  
And that was rather special  
Cause I never thought someone  
Could make me fall in love from the start  
The second time I saw you  
I knew that I had been whapped  
I could not get you out of my mind  
And ever since that moment  
Girl I haven't been much good  
I won't rest until I know that your're mine

Don't you hear me crying for it  
Don't you see my heart's on fire  
Don't you feel me dying for it  
Give me my hearts desire

The first time that I saw you  
I knew that you were the one  
You were everything a man could desire  
And I've always been the kinda man  
To get just what he wants  
So please don't make me out as a liar  
The second time I saw you  
I just had to have you girl  
I'd never seen someone look so good  
And ever since that day  
I just haven't been the same  
I want you girl and I want that understood

[Chorus]

And I won't be any good  
If I can't have you now  
If there's any way you could  
Come to me now  
I'd give you anything  
And I do mean everything  
And that means anything you heart desires

[Chorus]
