Gonna love you right
Gonna take my time with you
Gonna love you slow
Can't get enough of you
Gonna love you right
Gonna take my time with you
Gonna love you over and over and over again

Some people live searching for love
And some don't believe no more
I've been on both sides
And I'm thankful because you're fine
Cuz it feels good to hold you
And each time you tell me you'll be here the rest of my
life

Some people mistreat a special love
Find it hard to stop doing wrong
They don't miss they're well
Til they're water starts running dry
But I'll do what I can
To be a good man
Don't wanna hear no more your goodbyes

Everybody needs someone to love
Gotta take my love kiss stars I've got the chance to love
you
Everybody needs someone to hold tight
As long as I've got you I'm gonna do it right
Wanna love, need a love, gotta love, wanna love need
a love, gotta love you

Love you right
Take my time
Doin it slow
Love you right
Take my time
Doin it slow
Never gonna love a girl the way I loved you baby
Doin it slow
Love you right
Tse my time

Doin it slow
