Wake up in the morning to our song
It's torture 'cause I left the radio on
Don't wanna turn it off reminiscing about you
I guess I'm gonna leave the damn thing on
'Cause it's sitting across the room

I've gotta spend my days working hard
To come home to myself
Trying to get you out of my mind, oh girl

Thinking of the things we used to do
I try to compensate for you
But nothing seems to work
Baby, can I ask you

How did he love you?
Does he want you?
Does he wake up in the night
Just to stare at you asleep?

Does he hold you?
Does he flaunt you?
Does he do it, do it
Like we did it back at home
At home, at home?

Just thinking about the way that we made love
Just layin' all day and squeezin' each other tight, yea
I miss those days, oh baby, would you bring them back
It's not right for me tonight, baby

How does it feel to know
You hurt someone so bad, now baby
How do you live with yourself, oh girl

You're probably out there
Having fun with your other man
Well I don't give a damn, baby
Come back to me, girl

How did he love you?
Does he want you?

Does he wake up in the night
Just to stare at you asleep?

Does he hold you?
Does he flaunt you?
Does he do it, do it
Like we did it back at home
At home, at home?

How did he love you?
Does he want you?
Does he wake up in the night
Just to stare at you asleep?

Does he hold you?
Does he flaunt you?
Does he do it, do it
Like we did it back at home
At home, at home?

I don't give a damn where you are, oh, girl
Baby, come back home to your man
Home to your love, I must be a fool, girl, oh

I don't understand why you left, no
Please justify your reason then come back
Please come back

How did he love you?
Does he want you?
Does he wake up in the night
Just to stare at you asleep?

Does he hold you?
Does he flaunt you?
Does he do it, do it
Like we did it back at home
At home, at home?

How did he love you?
Does he want you?
Does he wake up in the night
Just to stare at you asleep?

Does he hold you?
Does he flaunt you?
Does he do it, do it
Like we did it back at home
At home, at home?

How did he love you?

Does he want you?
Does he wake up in the night
Just to stare at you asleep?

Does he hold you?
Does he flaunt you?
