Today I felt a pain inside my heart  
Thought of leaving you was on my mind  
If I've been deceiving you, it's all because I'm blind  
'Cause I care for you more than you know, oh lady  
Although my heart says, "Go"

Today I saw the tears inside your eyes  
Thought of hurting you, I'd rather die  
If I'm deserting you, I don't mean to make you cry  
'Cause I care for you more than you know, ever know  
Although my heart says

How do you tell the one you love goodbye for good?  
Or even know if you should?  
And how do you say the words you thought you never  
could  
When you promised her that your love was true  
Said, I'd never think of leaving you?

Tell me, how can love be cruel?  
Oh, I wanna know, I wanna know, I wanna know, hey  
baby

Today I felt a pain inside my heart  
The thought of leaving you had crossed my mind  
If I've been deceiving you, baby, it's all 'cause I'm blind  
'Cause I care for you more than you know, oh baby  
Although my heart says

How do you tell the one you love goodbye for good?  
Or even know if you should?  
And how do you say the words you thought you never  
could  
Promised her your love was true  
Never think of leaving you, baby

How can love  
I want to know baby  
How can love  
I want to know lady

How can you live a lie

When you know it's wrong and you know it's not right?  
When you say you do but you know you don't?  
When you say that you will but you know that you won't?

When you're not alive you shouldn't let it die  
Just let go, let it go, all the pain that's inside  
Tell me, how do you know? Tell me how to let go  
Tell me how, how, how, how, how, how?

How do you tell the one you love goodbye for good?  
Or even know if you should?  
And how do you say the words you thought you never  
could  
Promised her your love was true  
Never think of leaving you

How can love be cruel? Oh baby  
I want to know little lady  
Be cruel
