Shu bee doop do do doo

I could feel that it was over
Your love for me, dimming it slowly
Why couldn't you tell me you had another on your
mind?
It's no way to treat me when you know how I feel
inside

I could not hide the way I felt last night, tears I cried
My love for you I can't deny, no, no, no

Nights like this I wish that rain drops would fall
Yes I do, baby
Nights like this I wish that rain drops would fall

Girl, now I know what's been goin' on
You got another lover and you got it goin' strong
I've been walkin' 'round town with a smile on my face
Tryin' to fight the hurt, tryin' to hide the shame, baby

I cannot cry no more, now I realize
I was too blind baby
Bein' a fool in love, you know it ain't right girl
If you really wanna be happy baby

Nights like this I wish that rain drops would fall
How I wish rain drops would fall on my face, baby
Nights like this I wish that rain drops would fall
Ohh yeah

Nights like this I wish that rain drops would fall
Rain drops on my face, baby
Nights like this I wish that rain drops would fall
Baby, yeah, yeah, yeah

Tears I cried

I could feel when everything was not too real

Inside I cried to win your love, you know I tried

Nights like this I wish that rain drops would fall
Everytime fallin' on my face, baby
Nights like this I wish that rain drops would fall
Come on, come on, yeah

Nights like this I wish that rain drops would fall
Let them fall, let them fall from my eyes
Nights like this I wish that rain drops would fall
Yeah, yeah
