"Synthetic God"

I am the Antichrist ? I am divinity ? I am the coming
storm ? I am the sun that keeps you warm
I am salvation ? I am the greatest sin ? I am your
synthetic god ? I am what dwells within

You can run and try to hide ? but you will find no shelter
I am the new empire ? built upon the ashes of the past
So lustful with eyes to see ? human race a whore to me
Raise some glasses in the sky ? and celebrate the
effigy

Tell me what you deserve ? say what you are longing
for
Reveal your inmost dreams to me ? playing roles in a
real world pirace

I am hate
I am greed
I am the voracious
Breed

I am what you are ? I am the masterwhore ? I am what
you want me to be

I make the cities turn to dust and worlds fading into
grey
I am the blasting silence in a world full of rust
We live blinded and despised in a pleasure painted
paradise
We are the hate we are the greed
We are the voracious breed

Call me punishment and pain I am the prison you are in
My embrace is never ending now be a servant to your
pride
Stigmata of this enslavement a world filled with
scapegoats
Still trying to reanimate a little bit of self respect
I am the Antichrist ? I am divinity ? I am the coming
storm ? I am the sun that keeps you warm
I am salvation ? I am the greatest sin ? I am your

synthetic god ? I am what dwells within

Am I what you are ? am I what you want me to be
Are you what I am ? do you laugh at my command

Are you what you are ? I am salvation ? I am the real
you
Am I salvation for you too
