I've spent a lot of lonely nights
Since you walked out of my life
I've been thinking way too much
About all our love and such

I can't wait to get out of the city and go home
Yeah home, home

You got me all twisted up inside
I can't eat, I can't sleep I tried
I know I'm better off without a boy like you
And your looking down

I'm gonna step outside in the rain and walk home
Yeah home, home

The lonely streets are calling me
I let you go and that's not easy
Don't look back at the love we've had
All you'll find is this broken heart of mine

I've spent a lot of lonely nights
Since you walked out of my life
I've been thinking way too much
About all our love and such

I can't wait to get out of the city and go home
Yeah home, home

I'm gonna step outside in the rain and walk home
Home, home

I'm gonna step outside in the rain and walk home
Yeah home, home
