You call me up on the telephone  
Said you been listening to my favourite song  
And you don't know why  
But it made you cry  
Is there something wrong?  
Is there something wrong?

A little piece of  
A memory that you  
Holding on when you  
Hear this song  
It's close to midnight  
And you're feeling alone

No one said that life would be easy  
But it does have bright lights,  
Believin' in yourself is the only way you'll go far  
You'll go far

Cos loving you is right  
Loving you is right  
Loving you is right  
Loving you is right

There's trouble coming  
You're not listening  
Your head's too foggy  
From too much thinking  
And it's too late now  
Wrapped in self-doubt  
It's best that we move on  
So we can stay strong

A little piece of  
A memory that you  
Holding on when you  
Hear this song  
It's just after midnight  
And you're still feeling low

No one said that life would be easy  
But it does have bright lights,

Believin' in yourself is the only way you'll go far  
You'll go far

Cos loving you is right  
Loving you is right  
Loving you is right  
Loving you is right

A little piece of  
A memory that you  
Holding on when you  
Hear this song  
It's just half-past midnight  
And you're still feeling low

No one said that life would be easy  
But it does have bright lights,  
Believin' in yourself is the only way you'll go far  
You'll go far

Cos loving you is right  
Loving you is right  
Loving you is right  
Loving you is right

Cos loving you is right  
Loving you is right  
Loving you is right  
Loving you is right
