Wicked winds - blowing hard  
Riding straight - into the dark  
Ebony mist - rises high  
Ravenwings - I can fly  
A fearless heart - will survive  
A soul of pain - will never die  
A sword of grim - a hate so old  
And I will strike - Just as foretold  
(Just as foretold)

A mighty burst blasts the gates of the dimensions  
Flying right into the heart of the chaos engine  
Strange things I see, strange things I hear  
Nowhere to hide, nothing to fear  
The deeper down - as I go  
Into the place - you'll never know  
To face the enemy - eye to eye  
A mighty battle - one shall die

Not me !!!  
Into eternity

The deeper down - as I go  
Into the place - you'll never know

To face the enemy - eye to eye  
A mighty battle - one shall die

WAR!!!!

Fighting hard, as armies fall  
Batteling gods in marble halls  
I am wounded down on my knees  
They can't kill nature, cause nature is me

Noone believes in you - so will die forever  
Noone will pray to you - you will be dead forever more.

The deeper down as I went  
The more I knew what it meant  
Eternal wind take me away  
No more reason for me to stay

The gods are slayn, the battle won  
The nature free, revenge is done

So I am dying - but you will die forever  
Noone will know you - but nature will be foever. [2x]
