Burning sign ^- in the sky ^- storms rise ^- on the
northern side
Thunder roars ^- lightning strikes ^- man the ships ^-
to war we ride

Demons from a place unknown ^- where evil dwells
and dark things grow
By the grace of firegods ^- assault our land if ice and
snow

Written in the prophecy ages ago ^- the war between
fire and snow
Demons unleashed from the darklands core ^- this
time it's war

My heart for the lands of winter
And my sword strikes for the light
For my god I will die
And my fate is the shield of mine
Born in the land of north and here I will die

Sail across the seven seas ^- that is your destiny
Where great evil reigns ^- and the oceans meet
eternity
The fortress of shadows ^- in the frozen wasteland
The core of darkness ^- mankind's fate of is at hand

Of mother of north ^- hold safety your sons
Oh father of storms ^- bring us north from here
Hold darkness from us ^- not death only failure we
fear

Sail across the seven seas ^- that is your destiny
Where great evil reigns ^- and the oceans meet
eternity
The fortress of shadows ^- in the frozen wasteland
The core of darkness ^- mankind's fate of is at hand
Sail across the seven seas ^- through the seven gates
of hell
To the forbidden place ^- where great evil dwells

Moving shades of black ^- shining eyes of fire

Death hiding in the darkness Â– and it seems that all
our gods have left
Approaching the realm of fire Â– fighting side by side
Fighting day and night Â– we will win or we all will die
