Deep in cold and lonely ocean
The weary spuls fell to rest
Grand illusions of devotion -
The Sailor's never-ending quest

Secrets unspoken,
Stories untold...

All fearful stories
Brought you the glories
Across the dreaded sea
Far from the distance
Black Sail's existence
Will never set you free
Fearing no treason
The edge of reason
Closer with every wave
All countless treasure
Beyond the measure
Took you straight to the grave

Sailing to the dark horizon
Under the spell of endless times
Held a hostage by the waters -
The price to pay for all your crimes

Secrets unspoken,
Stories untold...

All fearful stories
Brought you the glories
Across the dreaded sea
Far from the distance
Black Sail's existence
Will never set you free
Fearing no treason
The edge of reason
Closer with every wave
All countless treasure
Beyond the measure
Took you straight to the grave
