Whispers in the air are near
Fearful beating heart you hear
Wants to find the wings to fly

Hiding in the dark of night
Wait for early morning light
Shining through the velvet sky

Carry me, be my guide
As I wonder through this night
Let all else, come undone -
Melted by the morning sun

Heal the wounds, the scars and pain
Leave your fears in the rain
To awake from endless sleep

Let the hot and scorching flame
Destroy evil nightmare's aim
It can never ever keep!

Carry me, be my guide
As I wake up from this night
Let all else, come undone -
Washed with tears of morning sun

Carry me, be my guide
As I wonder through this night
Let all else, come undone -
Melted by the morning sun

Carry me, be my guide
As I wake up from this night
Let all else, come undone -
Washed with tears of morning sun
