(Anders Bagge/Zemya Hamilton/Alexander Kronlund)

Once upon a time, there was a girl with glimmering
eyes
Always full of laughter, humming lullabies.
Waiting the very special star to shine her way
Even through the pain and sorrow, help her through the
day.

Just cry, tears are made to cry, let it go and just cry, I'm
telling you.
Just cry, just lean on my shoulders and cry, baby,
you're crying.

Counting every second, every night and precious day
Leaning on her knees, beside her bed praying
Praying for the future to keep her soul alive.
Life was made to live, they say, but tears are made to
cry.

Just cry, tears are made to cry, let it go and just cry, I'm
telling you.
Just cry, just lean on my shoulders and cry, baby,
you're crying.

(Cordes solo)

Just cry, tears are made to cry, let it go and just cry, I'm
telling you.
Just cry, just lean on my shoulders and cry, baby,
you're crying.
Just cry, tears are made to cry, let it go and just cry, I'm
telling you.
Just cry, just lean on my shoulders and cry, baby,
you're crying.
