You put me on the Freeze  
You put me in the back  
I ain't trippin' baby  
I just ain't down with that

You play, you play, you play  
Like I'm not even here  
I think it's time  
To make thinks real clear

I can still make somebody quiver  
I know I haven't lost the knack  
What wasn't right enough for you baby  
For somebody else is all that

It ain't all about U  
It's all about myself  
If you think I can't find somebody else  
Just watch me  
It ain't all about U  
I gotta tell you that  
& if you think you dissin' me  
Boy you better watch you back

You thought you had it made  
You kept it way down low  
When I found out about it  
I was good to go  
I worked , I worked, I worked  
Your nerves overtime  
I bet you wish  
You hadn't messed with mine

I can still send temperatures rising  
With one stroke of my hand  
Make no mistake about it  
I put an end to your plan

It ain't all about U  
It's all about myself If you think I can't find somebody  
else

Just watch me  
It ain't all about U  
I gotta tell you that  
& if you think you dissin' me  
Boy you better watch you back

It ain't all about you
