Three o clock and we don't stop
And we just want some place to rock
Rock and roll
Another town another show
And we ain't got no place to go
No place to go
We just want to
Raise the Roof get on up
Come on everybody just make it bump
That's right little girl shake that butt
Yeah just make it bump
Move that bootie little cutie back it up
Just make it bump
Raise your cup fill it up
Make it bump
Just make it bump
Just make it bump
Just make it bump
Three O' Clock and we ain't threw
Don't tell me there's nothing to do
Nothing to do
Now's the time I must say I'm
Ready to find some place to grind with you
Grind it with you
We just want to
Raise the Roof get on up
Come on everybody just make it bump
That's right little girl shake that butt
Yeah just make it bump
Move that bootie little cutie back it up
Just make it bump
Raise your cup fill it up
Make it bump
Play some music turn the sound up
Call all your friends and do the round up
I'm like a toy I get all wound up
Just make it bump and shake the ground up
I'm loosing control I think I'm gonna break
I don't know how much more of this I can take
I wanna feel the ground shake
Three O' clock and we don't stop

And we just want some place to rock
Another town another show
And we ain't got no place to go
Raise the Roof get on up
Come on everybody just make it bump
That's right little girl shake that butt
Yeah just make it bump
Move that bootie little cutie back it up
Just make it bump
Raise your cup fill it up
Make it bump
Play some music turn the sound up
Call all your friends and do the round up
I'm like a toy I get all wound up
Just make it bump and shake the ground up
