Why are you laughing?
Behold
These ears can't hear a thing

Why are we crying?
It's been too dry
A tear's a waste of drink

I think I'll lie here
And let
What's left begin to sink

Take what's left of me
And just throw it away

'Cuse it's anything else but clean
Take the best of me
And just throw it away

Why are we trying?
We know
That this will end the same

Why aren't we dying?
It seems
That it's the only way to change

Take what's left of me
And just throw it away
'Cuse it's anything but clean
So just throw me away

Take the best of me
And just throw it away
'Cuse it's anything but clean
Take the best of me
And just throw it out
Take the best of me
And just throw it away
'Cuse it's anything but clean
Take the best of me

And just throw it away
