

## Oppera "Release Me"

Visit "[Release Me](#)" on [MotoLyrics.com](http://MotoLyrics.com)

You don't want my - eyes to see  
You can tell I - still love you desperately  
I can't keep goin' on - searchin' for some way  
To stop my heart from breakin' - every day

So I want you  
To release me  
I'll do anything  
Goin' crazy  
Please set me free  
Someone help me  
Heal my agony  
Memories every day  
Tried every way  
Make you go away

Starin' at my - ceiling every night  
Waitin' for some - guiding light  
Why have all your pictures - closed their eyes  
I know you're out there someone - give me a sign

So I want you  
To release me  
I'll do anything  
Goin' crazy  
Please set me free  
Someone help me  
Heal my agony  
Memories every day  
Tried every way  
Make you go away

Contemplated - bullet in the brain  
Silent voices - relieve the pain  
Echoed whispers - all that remains  
Why'd you tell me? - no one's to blame  
Still cryin' - in my shame

Fleeting moments - in my dreams  
Callin' out my name - so it seems

So I want you

To release me  
I'll do anything  
To be set free  
Someone help me  
Heal this agony  
Tried every way  
To make you go away

So I want you  
To release me  
I'll do anything  
To be set free  
If you're out there  
And can hear me  
I'm in agony  
This wasn't meant to be  
You're the only one for me  
Oh God, can't you see  
You're my reality  
So please help me  
And don't leave me
