Locked in your heart
With the wink of your eye
You got what you wanted
Then ignored me
And left me here to die
All your talk was just a lie
Tried to love you through the pain
But I couldn't stop the rain
From puttin' out the flame
Maybe I'm the one to blame
When you left me I didn't think twice
But now you're my only vice

Since you've been away
Nothin's the same
Don't tell me it's over
I'm beggin' you please
I'm, down on my knees
Don't let it be over

Spun me around
Threw my heart on the ground
I loved you through it all
'Cause I never thought that
You would let me down
You treat me like a clown
When you left me I didn't think twice
But now you're my only vice

Keeping' me around
Just to keep you on the ground
I know I'm not gonna take anymore
No!
