So - you wanna play it slow  
You're screwin' up my flow  
And everyday you bring me down  
So - you think that I don't know  
You plan to change the show  
Push that button and you're out of bounds

I am always ready  
If you want a fight  
I can play the heavy  
'Til you see the light  
I've been watchin' you since  
You showed up last night  
Now I got your number  
If you wanna try

You don't wanna mess with me  
Don't wanna take you down  
No 'to be or not to be'  
I'll just run you out of town  
No showdown on the street  
You best retreat  
So - you know you need to go  
I'm showin' you the doh  
And I don't wanna hear a sound

There's no need to make up  
Somethin' nice to say  
Point of view don't matter  
Don't do things that way  
Smilin' in my face and  
Then you try to lie  
You're lucky all you get is  
A handshake and goodbye

You don't wanna mess with me  
Don't wanna take you down  
No 'to be or not to be'  
Just run you out of town  
You better beat your feet  
You better retreat  
Don't make me show my teeth

Or you'll feel the heat

Same 'ole song and dance  
Someone take a chance  
Have to make a stand  
Take them by the hand  
( When - will - people - learn - to  
Be - cool )

You don't wanna mess with me  
Don't wanna take you down  
No 'to be or not to be'  
Just run you out of town  
You don't wanna go round and round  
( 'Cause ) you'll be nothin' when I'm done  
I could take you in my sleep  
I do this just for fun
