

Opposition Of One

"Dying Inside"

Visit "[Dying Inside](#)" on MotoLyrics.com

Darkness, internal
Lost souls, helpless cries
Insanity, a dream
The path to death is free
Endless torment of battered feelings

Morbid thoughts elude the brain
Voices persist in rage
Alone inside a world of pain
Lost within the mind
Confined in an array of fear
Memories fade away
Mental powers under siege
As i lay dying inside

Nightmares, haunting
Mentality restrained
Confliction imprisons
The beast inside me
Memories fade the hate
Of thoughts once known

Dying inside
