Who is this Geoffrey?  
All I see is this cold cadaver  
Why is this Geoffrey  
Lying in puddles of pus on a gurney?  
Tell me of this Geoffrey,  
This boy with a noose around his neck;  
More about Geoffrey:  
Why is he wearing his mother's bra?  
How old was Geoffrey?  
At a guess, I'd say  
About twelve or thirteen;  
He died accidentally  
From auto-erotic asphyxiation;  
He'd been masturbating...  
Our little stiff still has one on  
And it's been one week!  
The resurrection men  
Took their sweet time  
Cross-dressed fruit:  
What a way to die!  
Now he's ours:  
The apple of our eye;  
Fetch the dead sphincter:  
Cold green meat  
How did his ass taste?  
Tender and sweet...  
And then we fucked it...
