Are we okay
In this tug of war
My head's tellin' me it could be time to leave now

I've drawn a blank
Like my body and soul
Has retreated into space - somehow

[Music]

And we'll all do
What we've got to do
On this small planet I'll be sure to see you everywhere

You stirred my blood
And you broke my bones
But never once did you fail to warn me

[Chorus]
If there's one thing in this life I know for sure
It's when I'm nervous
You gave me strength when I needed more
Feet give me purpose but don't take me anywhere
They say if you've nothin' to hide
You've got nothin' to fear
You've got nothin' to fear

It's you I choose
Oh, it's you that fits
And I'm conscious I'm well out of my depth

We could push and pull
If that's what you wanna do
We might be grounded but the floor is still recedin'

If there's one thing in this life I - I know for sure
It's when I'm nervous
You gave me strength when I needed more
Feet give me purpose but don't take me anywhere
They say if you've nothin' to hide
You've got nothin' to fear

You've got nothin' to fear

You've got nothin' to hide
Hide
Hide

If there's one thing in this life I - I know for sure
It's when I'm nervous
You gave me strength when I needed more
Feet give me purpose but don't take me anywhere
They say if you've nothin' to hide

[Music]

You've got nothin' to fear
You've got nothin' to fear
There's nothin' to hide
