I'm movin' out of my mind
To a place more civilised
Where space elongates
Into your length and your stride

I'm shiftin' off my face
Can I trust you to blow my cover
I won't expect to make
The same mistakes

Oh.. ah'
Oh.. ah'
Oh.. ah'

In and out of disguise
A foolish attempt to be more like minded
I'm trippin' over my tongue
To ebb into you once and for all

[Chorus]
Oxygen
Won't you fuel the flame and hold me over
I've become
Everything I wanted to remind you
That I was yours
From the very first moment we met
But I'm unsure
Of what you want anymore

We were speaking in thumbs over everyone
So loud but no one can hear us
Dissatisfied verbs feedin' the words
Suspended on life support

Kneelin' over this line
Over this line
Over this line
Just one more time'

Oxygen
Won't you fuel the flame and hold me over
I've become

Everything I wanted to remind you
That I was yours
From the very first moment we met
But I'm unsure
Of what you want
What do you want, oh!

[Instrumental]

So I'm movin' out of my mind
I'm movin' out of my mind
I'm movin' out of my mind
I'm movin' out of my mind
I'm movin' (out of my mind)
I'm movin' (out of my mind)
I'm movin' out of my mind
I'm movin' out of my mind
