My hair's a wreck
Mascara runs
My feet get dirty and my skin burns in the sun

My lips they bleed
But I still sing my songs
Takes me a minute to admit it when I wrong
Pretty isn't pretty does but pretty's not my thing

(Chorus)
This is what you get
This is who I am
Take me now or leave me
Any way you can
Sometimes I trip and fall
But I know where I stand
And if you're thinkin' about changin' my direction . . .
Don't mess with imperfection

My back is weak but my will is true
Got good intentions but I never follow through
I say too much don't know when to leave
In case you're lookin' that's my heart there on my
sleeve

Eagle trips and still they slip cause
I'm a mess but . . .

(Chorus)
This is what you get
This is who I am
Take me now or leave me
Any way you can
Sometimes I trip and fall
But I know where I stand
And if you're thinkin' about changin' my direction . . .
Don't mess with imperfection

It's crashed and bruised a little used
But baby I work fine
You might call me damaged goods

But I'm one of a kind . . .

My hair's a wreck

No I'm not perfect but I'm not the only one (one, one)

(Chorus)

This is what you get

This is who I am (This is who I am)

Take me now or leave me

Any way you can (Any way you can)

Sometimes I trip and fall

But I know where I stand (I know where I stand)

And if you're thinkin' about changin' my direction . . .

Don't mess with imperfection . . .

This is who I am

And if you're thinkin' about changin' my direction . . .

Don't mess with imperfection
