

## Orcivus "Endless Graves"

Visit "[Endless Graves](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Coherent guilt is given to all the sons that have been  
born.  
Humanity committed a crime that never has been  
fulfilled.  
Doomed in sin inherited by their kin for crucifying "our"  
lord.  
Break the chains of hypocrisy given from birth to death.

Graves filled with forgotten bones gives us memories  
of the hurtful life.  
Endless graves show the manifest of signs in shadows  
of mortality.

Feel the darkness overthrow thee as no life surrounds  
thee.  
The cloak of the reaper comes over thee and the dagger  
comes closer.  
All light will slowly prevail as the edge of doom fills thy  
soul.  
See thy holy father abandon thee at the sign of the  
horned one.

In sacred books and priests wisdom thee putt thy faith.

Soon to know all thy beliefs of eternal life are in vain.

All of his light is swallowed by the darkness that  
surrounds him.  
For now thy soul belongs to all that is somber and dark.

For this is the eternity for all humans, a stone carved by  
the nameless.  
A tomb for all to witness the mortality – and soon to be  
forgotten.  
Thoughts of the eternal life beyond the grave will haunt  
thee forever.  
Fooled by religions for thousands of ages – seek  
wisdom within!

All beliefs in immortality for humans end at the endless  
graves.  
For the earth swallows all signs of life as soon as it

appears - weak!
