Hark! The bones and the bounds are broken.  
Feel! The solitude is one with thee now...  
Vows fall into endless oblivion.  
Seek, and thou will witness death!

Profane devotion, sinful decree.  
Blasphemous vengeance, satanic devotee!

Bow! This punishment becomes thy all.  
Affliction, all-embracing epitaph...  
Myths and the paralysing light of doubt is gone.  
No holy sacraments can save thee now!  
Earth to earth, ash to ash, dust to dust – Moriturus!

I am thy plague, one with black disease...  
Advocate of hellish supremacy.  
Cursed and banished in prideful blasphemy!  
For oaths and promises are consumed by me!

Profane devotion, sinful decree.  
Blasphemous vengeance, satanic devotee!

Earth to earth, ash to ash, dust to dust – Moriturus!
