It seems like for years we fought our battles inside,  
Never the less our roads have hindered, I'm tired.  
And I've given all I can,  
It's time to make a stand,  
Withered and detached.

Hold fear down,  
Show me how,  
Just to know who I am and to hold you,  
I'll take back what's mine,  
And I could walk away at any time.

Now we part our ways,  
Our life, our hopes, our dreams lay.  
I've fought the war, I've been mistreated,  
Least let us forget,  
How could we forget?

Hold fear down,  
Show me how,  
Just to know who I am and to hold you,  
I'll take back what's mine,  
And I could walk away at any time.

Need I wonder?  
Leave me tainted,  
Time will heal us,  
Paths be slatted,  
Lesson taught me,  
No one yearns for trust.

Hold fear down,  
Show me how,  
Just to know who I am and to hold you,  
I'll take back what's mine,  
And I could walk away at any time.
