The space gaped
And the stronghold came into the world.
Fixing all the being
With a look of the greatest scorn.

Miserable something
Dared to appear to me.
How can you desecrate
My acres and my reality.

I'm a human
And you are my way.
My desire is to cognize you
Leave you to cognize remains.

You can get cognition of me
Trough becoming part of my being.
I agree - let it be
Here is the body that's meaning.

Diabolic dance of rising dust
Stones are screaming smashing into human.
Harder and harder soul surrounds with a crust
Blood is streaming breathing life into newborn.
And reborned human
Felled the stronghold with his feet.
And he whispered
This is blessing this is it.

But the boulder smashed the live flesh
And the first pain pierced the body.
Stronghold rised with triumphation
Foolish human - such temptation.

Now you are mortalized
Dust to dust you chained forever.
Now I will halve your being
You will search your half eternally.

Mortal can continue being
Only through his generations.
You gave me your freedom slave

And I'll give you muddy grave.
