The burning stars were falling  
And the sky had turned red.  
When the conjuration was complete,  
The eldest force reappeared  
To show us the Golden Age  
And guide us into the new dawn.

The seven seals, that are broken,  
Have released the hidden knowledge.  
The serpent that is now released  
Will reclaim this mortal world.  
Through ancient wisdom and sacred bonds  
Pandemonial chaos will be unleashed.

Appear before us, o serpent awakened,  
Rise up from thy resting place,  
Bless us with thy darkest grace  
And release us from our earthly chains.

O ancient serpent, hear our calls,  
Thou who hast the infinite knowledge:  
From thy resting place in the bowels of the earth,  
Reveal thy wisdom, the cosmic key  
To the children of this sacred tribe,  
That we may be unified with our destiny.

Release the spirits of war and plague,

The heralds of pestilence,  
Unleash despair upon the human race  
And let fire rain from the spheres.  
Let the eldest force reappear  
And embrace us with its knowledge.  
Open the portal and bring forth the hordes  
Of the hidden race.

From the foundations of chaos,  
Awake the serpent from her slumber,  
For when night appears in shades of red  
And the stars have fallen down,  
A sword will appear in the sky,  
A signal for the hidden race,

That the boundaries have been broken  
And the portal has been opened.

From the desolate places,  
Within the caverns of the earth,  
They arise and float  
Like mist, vengefully.

After the completion of this conjuration  
A terrible silence fills the wastes,  
For the serpent will awake from her slumber  
And claim her rightful throne once more.
