Let us drink with the dead and delinquent
Let us bring in the women and bring in the wine
Let us drink with the women of crimson
Let us raise our glasses and remember the times
When women loved women and men ravished men
Let our bottomless glasses be emptied again
Let us drink with the fire that quenches our thirst
Let us drink to each other and ravish the earth

Remember depravity I give you the sun
Remember debauchery and the orgies of Rome
Remember depravity I give you the sun
Remember debauchery and the orgies of Rome

Let us drink with the drunk and indulgent
Let us bring in the apples and divide them in two
Let us drink for today and forever
One half is for Cesar and one is for you
Let us drink to the rise of forever
Let us bring in the fires and bring in the men
Let us cleanse in the wines of forever
Let us drink to Rome and ravish again

Remember depravity I give you the sun
Remember debauchery and the orgies of Rome
Remember depravity I give you the sun
Remember debauchery and the orgies of Rome

Let us drink with the demons of heaven
Let us dwell in indulgence and drink to the dead
Let us burn with our inmost desires
Let us naked and longing devour the bread
Let us drink till the downfall of heaven
Let us drink till the night has transformed into day
Let us relish in dreams of forever
Let us drink and die and drink again

Remember depravity I give you the sun
Remember debauchery and the orgies of Rome
Remember depravity I give you the sun
Remember debauchery and the orgies of Rome
