I laugh and I cry, I hate and I dream
Does it make me a man?
I need to be pleased I am still not complete
Does it make me a man?
I love when you cry, when you cum in your sleep
Does it make me a man?
I try to believe; does it hurt when you bleed?
Does it make me a man?

I dream about lust, do you dream about me?
Does it make me a man?
I live just to die; I die in your dreams
Does it make me a man?
I show you that war can be greater than peace
Does it make me a man?
With the touch of a kiss, I will make you concede
Does it make me a man?

I murder your dreams, I reject your believes
Does it make me a man?
There's a place in my heart, for the one of my dreams
Does it make me a man?
I love just to watch, when you try to be pleased
Does it make me a man?
I fuck you again, just to hear when you plead
Does it make me a man?
